

Bamboo Enterprise Directory

Dear friends of bamboo,

Display of information about Bamboo farmer's organisation, bamboo artisan groups/cooperatives/SHG/ organisations/enterprises and consultants (professionals) based in Maharashtra in our website www.mahabamboofoundation.org

Maharashtra Bamboo Promotion Foundation (MBPF) is happy to announce that our website mahabamboofoundation.org has become operational from September 18,2020 (World Bamboo Day). Our website is being developed stage wise.

We have provided for a Bamboo Enterprise Directory in our website, in which bamboo organisations and professionals based in Maharashtra can give full details about themselves. This will give wider publicity to their activities and also help in improving their income.

We are giving opportunities to farmers groups, bamboo artisan groups, cooperatives, self help groups, not for profit institutions and also private business enterprises. Consultants and experts in bamboo can also put their profile. However, due to technical difficulties of handling huge numbers we will not be able to display of individual artisans or individual farmers.

Those who want to profile themselves, **can fill up the enclosed application form in English or Marathi**. They can attach two digital photographs of their organisation and work while writing about their organisation. For now, we are accepting only applications from based in Maharashtra.

Please note that MBPF has the right to cross check the information provided, and not display without assigning any reason and also edit the information for technical convenience.

There are no charges for display till June 2021 and the services are free.

Please send your application, duly filled in English or Marathi (typed or by hand) to the following **email address: teammbpf@gmail.com**

For any clarification you may contact:-
